

5S+: Preparing The Workplace For Continual Improvement

Description

The Five Pillars of the Visual Workplace (5S+) is a powerful Lean tool that lays the foundation for continual improvement and gets impressive results. The implementation challenge is to develop an understanding of the concepts and tools at all levels within the organization and to gain management commitment to the cultural changes that are needed for success.

This class provides an introduction to the 5S concepts, tools, and implementation strategies.

Learning Objectives

Upon completion of this training course, participants will:

- Understand the purpose and importance of each pillar of 5S+.
- Understand how safety (+) plays a role when implementing 5S+.
- Understand how the 5S+ pillars form the foundation of Lean and Continual Improvement.
- Understand the importance and benefits that 5S+ brings to the organization.
- Be able to participate in any 5S+ activities within the organization.
- Understand the individual responsibilities of all members of the 5S+ team.
- Be able to recognize 5S+ opportunities for improvement in all areas of the organization.
- Begin to understand some of the cultural changes needed for success.
