WINNER STEEL, INC.

277 Sharpsville Avenue
Sharon, Pennsylvania 16146

The new internal auditors at Winner Steel, Inc.

On August 12, 2003, a group of Winner Steel, Inc. employees successfully completed a course, **INTERNAL AUDITING: Mini-Audits® for Maximum Results** conducted by John Novak & Jess Carroll, both from KAVON International, Inc.

Winner Steel, Inc. is a hot-dip galvanizing supplier of purchased and customer supplied steel coils located in Sharon, Pennsylvania. Their strength comes from the experience of their people, many well known in the trade, who have dedicated their careers to the steel industry.

The diversity of their customer's end product along with a staff committed to assisting in new applications has greatly expanded Winner Steel's knowledge and ability to handle the unique challenges required by a customer.

Their state-of-the-art equipment handles light and medium gauges from .008" to .075" in widths up to 60".

Winner Steel, Inc. is registered to the ISO 9002:1994 quality standard and is transitioning to ISO 9001:2000.

For more information on this course, or others offered by KAVON International, Inc., please contact us at 888-637-9598.
