Congratulations are in order for **Glenridge Machine Company**, located in Willoughby, Ohio. On June 23, 2002 they received their certification to QS-9000:1998 & ISO 9002:1994 from QMI. During the flag ceremony on August 14, 2002, Frank Novak (KAVON International President) and John Novak (KAVON Vice President) presented the QS-9000 flag to Jerry Negrelli (President) and members of the management group.

Tony Franceschini and John Novak, KAVON Consultants, worked closely with Ron Intihar and the management group at **Glenridge Machine Company**, to create a system that not only met the requirements of QS-9000:1998 & ISO 9002:1994, but incorporated current business practices and specific customer requirements.

Since 1943, **Glenridge Machine Company** has been a leading manufacturer of a wide variety of machined parts. They are dedicated to providing a high level of customer satisfaction by offering flexibility, fast turnaround, and customized solutions to complex machining applications.

With its modern equipment, large variety of tooling, and latest machining technology, **Glenridge Machine Company** offers world class manufacturing at competitive prices.

*If your company is seeking registration to the ISO 9000:2000, ISO 16949, QS-9000, AS9100, ISO 17025, or ISO 14001 quality standards and need some assistance, give us a call at 888-637-9598.*
